### Bach Flower Self Assessment Test

It has been well documented for many years that there are several personality types that are displayed in people who are sick and/or depressed.

This test assists in identifying the particular mood or personality characteristics so that a personalized remedy may be prepared from a repertoire of flower essences.

The results have been noted as being astounding! Bach's remedies stem from his belief that true medicine comes from, *"The earth that nurtures the plant, the air from which it feeds, the sun or fire to enable it to impart its power and water to collect and be enriched with its beneficial magnetic healing."*

Flower remedies are used mainly for alleviating psychological, emotional and mental trauma, stress, depression, feelings of low self-esteem, unworthiness, fear, worry, indecision, indifference, over caring, weakness, pride, impatience, anger, etc.

According to Bach—his flower remedies contain a life force that vibrates at higher frequencies than mere flesh and blood.

To take the test...simply circle ONLY the questions which elicit a YES answer. If your answer is NO or SOMETIMES, do not circle that number! Don't ponder! Mark your initial inclination.
